**We are the largest unionized workforce at Air Canada. We perform all of the work below the wing as well as the maintenance on the company's aircraft. Without us it's all grounded.**

**Our commitment is to keep you informed during our negotiations with Air Canada.**

## **May 29, 2009 Update**

Your negotiations team met today (May 29, 2009), with the company and we tabled a list of our issues and concerns to the company.

We have broken off our discussions for the weekend and have agreed to reconvene on Monday, June 01, 2009 to continue negotiations.

No items have been agreed to as of today (June 1, 2009).

We will keep you updated as events unfold.

We appreciate your continued support.
